

Welcome to the 2018 OPAT Conference organised by the British Society for Antimicrobial Chemotherapy (BSAC).

Welcome to the 2018 OPAT Conference organised by the British Society for Antimicrobial Chemotherapy (BSAC). Through plenary lectures, case presentations and panel discussions, delegates will hear about the latest developments and have the opportunity to share and discuss common and rare issues faced in every day practice. The Conference is relevant to all healthcare professionals who are involved with the OPAT patient pathway.

There is still an opportunity for abstracts to be submitted to be considered for poster presentation until 30 November.

REGISTRATION OPEN!
