

Intravenous products: Infection Control Today report “CareFusion Corp. announces it has entered into an agreement with Healthpoint, Ltd. to market and sell innovative surgical scrub solutions, including Surgicept® Waterless Surgical Hand Scrub, Triseptin® Water-Aided Surgical Scrub and Triseptin® Hand and Body Antiseptic.

The license agreement gives CareFusion exclusive rights to sell the products in the United States. With the addition of these products to its infection prevention product portfolio, which includes the patient preoperative skin antiseptic Chloraprep® (2 percent chlorhexidine gluconate/70 percent isopropyl alcohol) and surgical clippers, CareFusion now offers a more comprehensive package of clinically proven products and technologies to help reduce the risk of healthcare-associated infections (HAIs) related to surgical procedures.”
