Abstract:

The Infusion Nurses Society (INS) and the Journal of Infusion Nursing (JIN) editors are pleased to debut Pharmacology Report, a recurring bimonthly column authored by Susan Kleppin, RPh, FASHP. Susan is an accomplished pharmacist in health-system pharmacy with significant experience in infusion therapy. Her column will discuss relevant pharmacology topics, including medications new to market, safe handling for hazardous drugs, and managing drug shortages. INS and JIN extend Susan a warm welcome.
