

Vineet Chopra, Assistant Professor of Medicine and Research Scientist is seeking participants in the PICC One online survey. The details are:

PICC One is a comprehensive survey designed to understand regional, national and international variation in PICC practices.

The focus is on individual vascular access nurse insertion, care and maintenance practices (including practices such as trimming, tip positioning and flushing).

Targeted countries include United States, Canada, United Kingdom, Italy, Germany, Spain and Australia among others!

It is the intention for this survey to be the largest global study of PICC practices. It only takes the time to drink a coffee to complete. So make a coffee and click the button below to participate.

Complete the Survey
